Rushville, Indiana, Thursday Evening, March 21, 1918

"The Newspaper Everybody in Rush County Will Eventually Read."

TWELVE PAGES TODAY

Rush County Will Have to Supply This Number of Registrants to Fill Quota April 3.

FARMERS CALLED THIS TIME

York Fort is Known—Date of Entrainment Not Given.

eight class one registrants to Fort Hamilton, New York some time between April 3 and 8, according to official word received by the county army selection board today. The call was issued Tuesday at Washington, but there was doubt here about the number of men and the place where they were to be sent until the call was received officially today.

The call says that these men "are to be selected from white registrants in class one who are physically qualified for general military service and according to their order num-

which may be construed as excusing expect that submarines will block- he had encountered. farmers from responding to this ade all her ports as a result of the One of the questions definitely heard of the original idea of mak call if there are any included in the taking over of Dutch ships by the first eight in class one. It is her decision, the Berlin advices ties, it was reported, the signers had Rush county are publishing a book very probable that there are farmers said. in the first eight as some were passed by when the eleven men were picked to answer the call for the troop movement beginning March 29 and continuing for five days.

"You will be notified in the next few days," says the latest order, "the exact day upon which you are policy as "all but benevolent." to send your quota, so will kindly give no notice to registrants to appear for entrainment until you receive our next letter giving exact date." No date has been set yet for the movement beginning March 29.

The selection board has no official information as to why the registrants are to be sent to Fort Hamilton. The character of the fort is not known here, but it is certain that it is not a cantonment for drafted men else it would be known as camp instead of a fort, which puts it in the same class as Fort Harrison. Up to this time, with the exception of a few who have been voluntarily inducted into the service. all drafted men have been sent to Camp Taylor. Arriving there, however, many of them have been trans ferred to other camps and forts.

"All registrants," says the cal today, "will be sent from your division under this call upon the same day. The American Railway association is arranging a schedule and as quickly as completed, you will be One transportation request is sufficient for your entire quota. One meal ticket for each meal is sufficient for your entire quota. We shall furnish you further information within the next few days."

The local board also received request today to show the exact stage of progress in the classification of selected men, "in view of the necessity of proceeding immediately to employ the industrial index for the purpose of allotting calls for men of special occupations," which indicates there will be more calls soon. The local board has completed its classification and awaits the report of the district board on several cases.

PASS WAR FNANCE BILL

Washington, March 21-By a vote of 387 to 2 a war finance corporation bill to give financial assistance to the American industry necessary

REVERSES BOARD

has been placed in class two on an agricultural claim by the district army selection board, according to a ruling received by the Rush county board today. Mr. Small filed a claim for deferred classification , with his questionnaire, but the morning of Several Questions Relating to Or- Knows County's Reputation Fol No Reason For Sending Men to New the day following his marrage, a ruling was received disallowing his claim and leaving him in class one. The higher board reversed itself without the papers being sent back Rush county will have to send and without any additional information, so far as the local board is concerned.

John C. Blacklidge Explains wny Regiment Did Not Qualify as Many as Other Units

PRAISE FOR CAMP SHELBY

John C. Blacklidge, who together with Mrs. Blacklidge recently returned from Camp Shelby, Miss., where they visited their son, Lieut Allen H. Blacklidge of Battery A., reason the 139th qualified fewer men on the rifle range, when they won the range record from the 152nd infantry, was because they had a much smaller number of men at the range than the other regiments who had been there. Many of the 139th's men were on special detail, he said. The announcement was just made yesterday that the 139th had won the title as the best shots ever at

Mr. Blacklidge has nothing but praise for Camp Shelby. He said it was an ideal place because it was as sanitary and healthful as any camp in the country. Although there are some disadvantages to the climate, he declared, as a whole it is better than the average. Mr. Blacklidge said the soil was a sandy red clay and dried up within two hours after a hard rain. The men are never handcapped by the mud, he asserted, like they are in other

What few cases of pneumonia here were at Camp Shelby, Mr. Blacklidge said, could not charged to the climate, but were due to the lack of room in the base hos pital, causing men to be discharged as cured before they really were.

Enemy Reported Advancing at Several Points Between Sarthe River and St. Quentin

Considerable Firing is Also Reported

in Messina Sector-West Frent More Feverish

Paris Reports Bombardment (By United Press.)

Paris, March 21.-Intent, unceasing German bombardment along the northeast and southeast sectors of the French front and in the Champagne region early today was reported by the French war office.

Austrians on West Front

Berlin, March 21.-Artillerying has been renewed in full forces on broad sectors of the west front, the German war office reported today. Austro-Hungarian forces are participating.

With the British Armies in France March 21.—The enemy is reported advancing at several points between the Sarthe river and St. Quentin. Infantry penetrated the British line at several points.

Later it was reported the Gerwhich William J. Bryan will launch mans were advancing on St. Quenhere on April 1, and said, "If you tin Ridge on the edge of the Cambrai alue your well being you will pre- sector and also on the Pauche

1st." The letter was turned over to The Germans began a heavy bom-'ederal agents of the department of bardment at 5 o'clock this morning ustice for investigation. It is sig- from a point south of the Sarthe ifficant in the light of the recent at- river to the right flank of the British

At have it investigated and takes it four o'clock this morning the enemy began bombarding with gas shells the Fleur Baus sector. This bombardment was still under way at six.

> For the last two weeks the front has been growing more feverish. Over 100 raids have been carried out by both sides while the battle in the fir never ceases. The Germans have made risky attempts to prevent the allies from flying over their lines.

Americans Conduct Raid

With the American Army in France, March 21-American troops in the Luneville sector successfully raided enemy trenches Wednesday afternoon after destroying the German defense in an artillery preparation which shook buildings miles in.

The raid was made at the conclusion of a heavy bombardment by the enemy. French artillery and infantry participated in the attack.

For the first time in history a secretary of war, Wednesday, reviewed American troops on foreign soil.

Sec. Baker, Gen. Pershing and the staff generals stood on the brow of a great plateau and saw the regiment of the first division fresh from the trenches march by:

Laden with field equipment the Sammies swung by with a new confidence and vigor. Men from whose ranks were the first to give their lives in America's struggle against autocracy. They withstood raids, gas attacks and hardships.

IF KIDNEYS ACT

lays Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels: rethem, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, lizzy spells; your stomach sours, tongue is coated, and when the weather is bed you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during

the night.

Either consult a good, reliable physical reliable phys sian at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your cidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to

Rivets in the Ships

Attention is being called to the fact that the \$2,000,000,000 which the Government hopes to raise by means of the War Savings campaign is just exactly the same sum which it is centemplated by the Government is to be spent in the ship build-

The United States treasury is receiving now from War Savings squeezing and saving every possible stamp buyers every day money to cent at the expense of self-respect, building of more than 420,000 tons

or 84 ships of 5,000 tons each. The Indiana War Savings commit- for a visit with his sister. Mrs. tee is using these figures to make Charles F. Wilson.

Bere's Where The fun Comes In

What Day is Easter?

A First Presbyterian Sunday chool teacher, with the approach of Easter in mind, asked her class what the day was.

"It's God's birthday," answered one little boy.

"Are you sure that's right?" the teacher asked.

"No, no," replied the same youngster, "it's the day the kaiser killed

very concrete the vital and essential part in the conduct of the war which the War Savers have. Every child who saves his pennies and buys Thrift stamps is really driving scores of rivets in the big bridge of ships which is to stretch from America to France, over which the boys are to go to fight for the freedom and democracy of the world.

Certainly if there ever was a gi ant oak which grew from a little ocorn, this is a manifestation of the truth of the statement," declared State Director Joseph D. Oliver, "but there's just one thing we want to avoid. I don't like that 'term Baby Bonds.' It conveys the idea that the War Savings stamps are only for children. I fike to think of them as Wage Barners Bonds,' 'Housewives' Bond.'

"We can't win the war if we don't get the ships to carry the boys across. Money derived from this ampaign is going into buildings that bridge ow ships.

"This is the big proposition we are in, big enough for men and women as well as children."

Mistrust Breed Rumors

It is undoubtedly true, as asserted in a recent plea to editors to check false war rumors, that enemy agents have been busy starting depressing gossip in this country. It is undoubtedly true that such gossip has the effect desired by its authors. But it is also true that most of such gossip would make no progress We are authorized to announce the name of John T. Bowles of Center township as a candidate for Commissioner of the Northern district on the Republican ticket, subject to the decision of the primary election May 7th, 1918.

gossip would make mo progress whatever if the people felt that they could depend absolutely upon the administration at Washington to give them prompt and accounts in give them prompt and accurate information concerning things which may properly be made public. Whenever the people of the country can feel, confident that "if it hasn't been announced by the Bureau of Information it isn't true" they will cease to pay any attention whatever to idle or malicious rumors. Unfortunately the people still have in mind instances in which the giving out of important news was needlessly delayed, and they can not forget the instance in which important news was "elaborated." That the cause of the United States has suffered from such a policy is not the fautl of newspapers nor of the people, but of the officials through whom both press and people had a right to expect frank information Whenever the official publicity bureaus restore themselves in the confidence of the people, the gossip mongers will be out of a job.

> The so-called "Official Bulletin" s gradually developing into a genneeded as a disseminator of information concerning war affairs. It now publishes the list of decisions handed down by the Supreme court, none kins street, is suffering with the of which has any particular bearing measles upon the war. In the issue of March 4 two pages of fine type were required to publish this information, not one item of which would be of interest or of useful information to more than a dozen people, if, perchance, the item should come to the attention of that dozen.

Grow a war garden, raise your own \supplies, free transportation, sell the surplus, put the proceeds in War Savings Stamps! Here is a "pyramiding plan" that's sure to

FOUR DEMOCRATS ARE SPRING MAKES

Donald L. Mull, Thomas E. Conway Charles C. Brown and George W. Hardesty File Declarations

41 PRECINCT COMMITTEEMEN

Four candidates for democratic nominations for county offices at the primary May 7 have filed their declarations in the clerk's office in the court house. Donald L. Mull of Walker township asks the nomination for treasurer; Thomas Earl Conway of this city, for recorder; Charles C. Brown of this city, for sheriff; George W. Hardesty of Orange township, for commissioner of the southern district. These are the first democratic candidates for county offices to announce.

Up to today twenty-one democrats and twenty republicans have filed declaratons to become candidates for precinct committeemen. There are 31 precincts in the county. There are only four candidates for state convention delegates and all of them are republicans.

Other candidates filing declarations are: one for prosecuting attorney, republican; three for treasurer. two republicans and one democrat: one for representative, republican six for township trustee, four republicans and two democrats; two for sheriff, one democrat and one republican; one each for assessor and surveyor, both republicans and two for recorder, one democrat and one republican.

An Assemblage of Garments That Reflects the Prestige and Resources of this House

awaits you. A visit to the New York market has been productive of an infusion of new style ideas and novel conceits that elevate our offerings above the mediocre. Do you not owe it to yourself to familiarize yourself with this showing?

I Foremost among Springtime's offerings are the tailored suits that are youthful, smart and distinctive. Then there are hundreds of attractive coats for afternoon, street, machine or dress wear. The dresses of taffeta, georgette, crepe de chene and foulards are exquisite, and no doubt you will wish one. Among the skirts are those fashioned of the new baronet satin-beautifully lustrous.

I Enchanting are the new blouses, bewitching in their gay or subdued colors, and adapted to any use. Our new spring sweaters are receiving a great deal of attention, for they are extremely pretty. Combining the new shades of lobster, turquois, corn, infantry, rose and nile with angora collars, they are most appealing.

TO TAKE WORRY FROM SOLDIERS

American Red Cross Opens Office at Camp Taylor, Ky., to Look After Cases of Distress

A new move by the American Red Cross to co-operate with soldiers and the "folks at home" has been made public from Camp Zachary Taylor, Kentucky, where drafted men from this community are now in training. A. J. Strawson, of the High Cost Of Home Service Bureau of the Civilian Relief Department, has opened an office at Camp Zachary Taylor, and his task is to ascertain any cases of distress of families of soldiers, and see that the families are looked after by the Local Red Cross Societies, in order that the family may be comfortable and the soldiers may be relieved of the anxiety and worry about the "folks at home."

Among the things he will undertake is investigation of delays in allotments and allowances, the matter of payments of installments and rents, a fixed amount in the purchase of a home, or in general, whenever any soldier is "up against it," Mr. Ctrawson will learn of the immedately get in touch with local the relief.

That this work is very important have come up. In one case, a soldier's allowance was sent to Louisville, Ky. The Red Cross representative found the soldier worrying Cross for relief, and referred the matter of correcting the address to the man's company commander.

June married a woman with two ging forks, a rake and a hoe-and children, and being unfamiliar with many of these may be purchased that provision of the law, did not second hand. Two stakes and a ask an allowance for the stepchildren. These matters all will be taken up, and every complaint will receive consideration. Where the Red Cross finds an instance of a family temporarily in distress through illness or other mishap, it will make a loan, to tide the family over its troubles.

Mr. Strawson is executive secretary of the Indiana Society for the Prevention of Tuberculosis, and has leave of absence during the duration of the war.

While it is the policy of the government, through allowances and allotments, to see that the dependents of soldiers are properly cared for, yet it has happened in many cases through an error in giving addresses, making allotments, or understanding to whom the allotments could be made, some of the dependents of soldiers have suffered.

Garden Implements Have Risen in Price Along With Everything Else -Young Feminine Gardeners May be Forced to Use Fewer Tools and Thus Save For Pretty Costumes.

While seeking garden implements preparatory to the launching of spring garden work gardeners have found they have advanced considerably in price and many Rushville young women who are planning to "do their bit" as a home gardener condition from the soldier and will this summer are cheerfully buying second hand and fewer tools and Red Cross chapters to administer buying more attractive garden cos-

Already the dry goods stores are is shown by examples of cases which flooded with young women looking around for suitable material for the making of attractive smocks, and garden hats and after making these purchases there is very little left and the family in want. He notified with which to buy tools and any litthe Louisville chapter of the Red the addition to the cost is burden-

However, a practical soul has pointed out that only three tools are In another incident, a soldier last absolutely necessary anyways-digstring will serve as a substitute for a garden line needed to mark out a row and the end of a rake or hoe handle will serve as a marker so with a clear conscience the young feminine gardeners of the city contine their purchase of dainty gardening costumes.

> Cross representative be located in each camp," said Mr. Strawson. These representatives are at the services of the men at all times, and may be consulted direct or through officers. No matter where the man lives, we will immediately get in touch with the local chapter of the Red Cross, and see that the proper relief is given."

Mr. Strawson said that there had already been some activity along this line at Camp Taylor, slightly over five hundred cases having been handled. These were mostly requests received at camp headquarters for discharge of men on account of dependent relatives. The work will be enlarged, however, so that the Red Cross organization can get in touch

with all cases which need attention. When the facts in the case are reported to Mr. Strawson, they are turned over to the Red Cross chapter in the community in which the man belongs, which takes the case in hand and sees that the proper relief is given so that the soldier will not have to worry about the "folks at home," but can rest assured that they will be taken care of comfortably.

couple of divisions of Gen. Petain's then and there make proof of heirship, army had been affected by reports and receive their distributive shares. from the home folks of crop failures or other disturbing incidents. The this 27th day of February, 1918. Red Cross took the matter up. It sent men to the relief of these dependents, with money, food and elothing. The action so promptly taken, won the admiration and respect of the sturdy "poilus," who immediately returned to their work with redoubled energy, and disployed a temper for the fight that was even stronger than had been the case before the troubles arose.

MARGARET MATZENAUER Metropolitan Opera Co.

The NEW EDISON

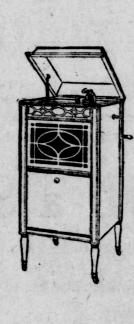

SOLD BY=

Hargrove & Mullin

Re-creates Music and Plays ALL Makes of Records

The actual re-creation of music can be had only with the NEW EDISON PHONOGRAPH. No instrument without the geared tone arm and floating reproducer patented by Thomas A. Edison can re-create music or even play Edison records without damaging them.

No other instrument has ever attempted the pitiless test of direct comparison with the singing of living artists. On two occasions the good people of Rushville and Rush county have had this opportunity and it has stood the test.

The New Edison attachment will play any other records as good as they are made.

Let us demonstrate any make of Record on the New Edison for your comparison.

AN EGGLESS EASTER AWAITS YOUNGSTERS

Rush County Younger Set Willing to Sacrifice Easter Eggs This Year

START PLAN TO SAVE EGGS

Young America is willing to sac rifice even Easter eggs if it will help feed Uncle Sam's soldiers and win the war. Yesterday morning a young lady endeavoring to make conversation just to hear little 3-year-old George Davis, Jr., talk, said to him, "Well, are you going to have a lot of pretty Easter eggs this year?" Sternly he said, "No." When asked "Why," he said, "Oh, on account of the Germans." "But, why on account of the German." "Well, just because," he insisted, "just becauseon account of the Germans.".

Evidently the youngster had heard of the nation-wide movement to save 60,000,000 eggs by having an "eggless Easter." The movement has been started by Mrs. Herbert Hoover, Mrs. Newton D. Baker, Mrs. Medill McCormick and Mrs. P. P. Claxton of Washington and other prominent women.

WANT ADS BRING RESULTS

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid Illness.

Sanitary science has of late made rapid strides with results that are of unteld blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the

Those of us who are accustomed to feel dull and heavy when we arise, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile, and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stemach The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large vol-ume of water from the blood and get-

ting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of lime-stone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanAmusements

Something Doing In

Mr. G. A. Metzger, representing the LUTHER GRINDER MFG. CO., of Milwaukee, Wisconsin, is holding a special sale and demonstration of tool sharpeners, at A. GUNN HAYDON'S HARDWARE STORE all this week. The way they were advertised on the street Monday they sure must be some grinders. Metzger invites to people to bring in their dull knives and scissors which will be sharpened free of charge.

No Sharpening Done for Children or Servants.

Come Early and Avoid the Rush.

The Anker-Holth Cream Separator

is the only Separator on the market that has a SELF BALANCING BOWL and has no lead or soft solder on the inside in order to perfect a BALANCE, which you will find in other makes of Separators. The bowl is guaranteed to stay in balance the life of the machine. The Bowl is Selfdraining which makes it non-freezing in cold weather. It is easy to turn and easy to clean, and can be washed in one-half the time you can wash any other Separator.

The Anker-Holth has no oil holes or feed cups. It is oiled by an up-to-date oil system; you only put oil in every 60 or 90 days. The ANKER-HOLTH will skim closer than any other Separator on the market today, which has been proven by tests with other leading Separators and tested by the Babcock cream tester. It is the only Separator with a dirt chamber that removes all impurities from the whole milk before it enters the discs for eream separation.

The Anker - Holth is a High-grade Separator at a Medium Price. Call and See the Separator and Get Our Prices.

Food From Your Back Yard

HOME GARDEN PLAN SAVES TIME. MONEY AND LABOR FOR GARDENER

PLAN AND PREPARE

Prepare to do your part in increasing America's food supply by raising your own vegetables in your home garden.

Plan your garden on paper. Map out your campaign. You will profit through time, labor and money saved.

Planning is preparing.

Plan your home garden in advance. Make a diagram of the available space; allot the ground to the vegetables you want to grow. Prepare to make your garden work until frost next fall. That is advice to home-gardeners by horticulturists of the U. S. Department of Agricul-

Do your planning around the winter lamp. Interest in it all members of the family, especially the children who, by being given a partnership now, will know their duties when the time comes. Read such gardening publications as are available. Write to the Department of Agriculture for a home gardening

In making a diagram of the garden it is well to use tough paper, such as heavy wrapping paper, which will stand repeated handling out of doors. A fairly large scale should be adopted so that full notes can be kept in the spaces representing rows. If the garden is fairly large or abnormally long the diagram the sake of convenience.

Plan For Home Needs.

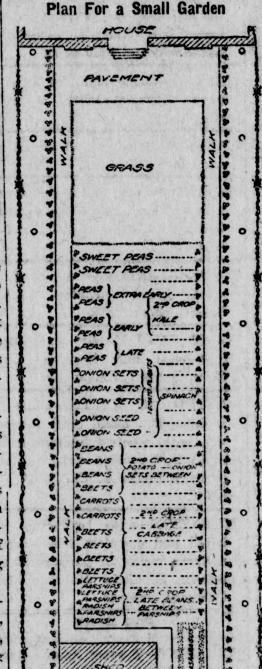

shown in the illustration. This plan, its place. The ground to be used for of course, is of use chiefly as an ex- tomatoes is first planted with onion sets, ample, and in most cases a different and these onions are used as rapidly as arrangement will be necessary to needed. When the time comes to set meet the conditions surrounding in- out the tomatoes, some of the onions dividual garden spaces. On the plan are dug to make space for the tomato the gardener may indicate the ap- plants. When the tomato crop is over PEP proximate date when each of his the ground is occupied by spinach as projected crops is to be planted. No the third crop. Spinach is also plantmore space should be allotted to ed as soon as the bulb onions from the PEPSINCO each than is needed to furnish a suf- side are gathered. The beans, carficient quantity of the vegetable for rots, and peas are succeeded by late EVERYBODY'S FRIEND family consumption or for other cabbage, and between the rows of late known needs.

Make your plans so that when one the rows of parsnips after the radishes crop is ready for the table or for and lettuce have been gathered. canning another vegetable can be planted between the old rows and new plantings can take the space va- composition of the soil in different cated. Many home gardeners seem parts of the garden it will be adviscontent to raise a single crop on able to note this when arranging for each plot of land at their disposal, the location of the various crops. but it is quite possible to grow two Such crops as celery, onions and late or three crops of some vegetables in cabbage should be planted in land one season.

ranging the garden is the kind of dry, that is the proper location for ly all that is eaten. The stomach cultiation to be employed. Where early crops and those that need a the work is to be done mainly by means of horse-drawn tools the arrangement should be such as to give the longest possible rows and a your garden: straight outline should be followed. spaces should be provided at the ends. For hand cultivation (the method that probably will be used by most home gardeners) the arrangement can be quite different, as the a tight board fence or a stone wall garden may be laid out in sections to break the force of the wind. with transverse walks and the rows can be much closer for most crops. drainage for surplus water to run off

THE BULL - DOG BEATER WHEEL

This bull-dog wheel is all that its name implies It is one of the foundations on which the Litchfield Spreader Line fairly stands

This beater wheel is entirely unlike the ones used on all other machines in the world. The manufacturers claim THIS ONE PATENTED FEATURE to be worth more to any spreader than all the best features combined, which are controlled by all other competing machines.

This is the only beater wheel used on manure spreaders that CANNOT BE CLOGGED by any kind of material that is ordinarily used in a spreader. The principle is unique and different from everything else. It operates on the plan of one set of teeth working ahead of another set. What one set of teeth fail to get the other set takes good care of. Come in and see it and we will explain all the details.

it does the work that TWO beater wheels would do if it were possible for two wheels to operate on the SAME SHAFT and in the SAME SPACE, one working an inch and a half deeper in the load all the time, than the other. Owing to its peculiar construction, it TAKES CARE of the material as it comes from the box, tears it into pieces and distributes it with uniformity and WITH-OUT PACKING OR CLOGGING.

The whole secret is the peculiar makeup of the diamond pointed LONG and SHORT teeth which are so arranged that no material gets by them and drags on the bars that hold the teeth. This beater wheel is light running, flexible and all steel. Our owners tell us that the power it requires to do its work is almost negligible.

SOLDIERS DO NOT PAY

Assertion is Made by Regular Army Man Upon Receiving Socks From Rush County Woman

IS ANXIOUS TO GO ACROSS

In order to quiet the rumors prevailing that soldiers must purchase the knitted articles which they receive from the Red Cross department, Mrs. C. B. Webb of this counby placed her name and address in a pair of socks she had knit, asking FRANK GARDNER the soldier who received the articles to tell her if it was necessary for him to purchase them.

The answer came a few days ago from Anthony Kopher who as a member of Battery E, 3rd field artillery is stationed at Camp Mc-Clean, Chattanooga, Tenn. The young soldier stated that the soldiers paid for nothing which they received from the Red Cross and that during the bitter winter which has just closed the warm knitted articles which the members of the received by the county army selec-American Red Cross prepared for the thousands of soldiers saved of the class one registrants recentparts of their body.

remark of "would-be Sammies" that first taste of army life that he i he had no idea when they would go fairly bubbling over with it. across but hoped it would be soon.

GIVES CLOTHES FROM MERCHANT'S STOCK

Mrs. William G. Mulno Contributes Men's and Boy's Wearing Apparel to Red Cross

URGED TO GIVE SOMETHING

ample for merchants of the city yes- a good place to sleep. terday by contributing a large basketful of men's and boy's clothing to the Red Cross to be sent to the SCHOOL BOYS PASS war ridden districts of France and Belgium with other contributions that are being made all over the country this week. The clothing had been given by Mr. Mulno from his clothing store and although it was perfectly good and had never been worn, it was old stock and would sell only at a great reduction. The contribution included hats, socks, underwear, suits and men's clothing of all kinds.

Persons having garments to contribute that they can not take to the recorder's office at the court house are asked to call the office, number 1388, and leave their address. A Boy Scout will call for the garments on Friday or Saturday.

Business Man Receives One from Salesman Enclosing Card with A Thrift Stamp

ASKED TO FILL IT IN STAMPS

He Is Then Urged to Send Five Cards Each with Thrift Stamp to Headquarters

A patriotic use of the greatly abused chain letter has been found by Rushville persons who have recently received a new type of chain letter. In each of them is enclosed Methodist Pastors Will Discuss a Thrift Stamp card bearing one Thrift stamp. The idea of putting a personal plea behind the purchasing of Thrift stamps is expected to give the sale a substantial boost. The plan for increasing the sale of stamps by means of these letters is presented in the following letter repeived by a local dealer from a traveling man which visits him frequent-

"Friend John:-

Most chain letters are among the things which we feel obliged to read and not infrequently "pass up." This is not because the chain letter cher of New York City, head of the is bad, but because it has been abused. Used rightly, this chain letter will make a mighty link of loyalty.

Enclosed is a Government thrift stamp card with the first stamp in place. Buy the stamps to fill it out for yourself, firm and right in your the site of Moores Hill college from conviction that this chain letter will Moores Hill to Evansville. The fund grow to be of powerful use to Uncle Sam. Then go to the postoffice: buy time. All of the ministers of the 25e thrift stamps and ask for five Connersville district are invited as cards. Put one stamp on each thrift card and fill out the blanks with the district. Those of the former district names of five of your friends. Write them each a letter on your own stationery. Send your list of names to be held at the Rush county fair the war savings committee, No. 51 grounds in the near future. A pro-Chambers Street, New York City.

Let's get action on this promptly, will be arranged. Here is a way we can help our Government, our friends and ourselves.

Is Back With **New Treatment**

Fully Convinced Now About New Rheumatic Treatment-Pains Are Almost Entirely Gone

Robert Malcolm. 8. of 1317 Walnut street, Cincinnati, O., the man who told several days ago what Tankac Rheumatism Treatment had don for him in three days has kep taking the treatment since and i now fully convinced of the new reatment's merit.

"This Tanlac Rheumatism Treat ment with its radium is the bes medicine for rheumatism I ever tried in my life and I've tried lots of them, too," said Mr. Malcolm.

"I expect there were some folks who were a bit skeptical when I told while back of the good Tantac High School Musical Event Will be Rheumatism Treatment had done for me in just three days. They didn't think a medicine could help a person so quickly and neither did. I until I started taking this medicine.

knees and the calves of my legs are almost entirely gone now. They used be given by the members of the Girls to be so bad that I could hardly climb up the two flights of stairs to my flat but that's easy for me now.

"I hope my statement will cause others to try Tanlae Rheumatism Treatment that's why I'm giving this statement. I know I'd want somebody to tell me if they knew of a medicine that would really help he staged in the Graham Annex aurheumatism."

Get Tanlac Rheumatism Treatment today and get a real medicine for rheumatism. You can get Tanlac Rheumatism Treatment at any good drug store where you get Tanlac, the famous tonic .- (Adv.)

NOTICE TO BIDDERS

Rush County Will Have to Supply This Number of Registrants to Fill Quota April 3.

FARMERS CALLED THIS TIME

No Reason For Sending Men to Nev York Fort is Known-Date of Entrainment Not Given.

Rush county will have to send Hamilton, New York some time be- concerned. tween April 3 and 8, according to official word received by the county army selection board today. The U-BOATS TO BLOCK call was issued Tuesday at Washington, but there was doubt here about the number of men and the place where they were to be sent until the call was received officially today.

The call says that these men "are to be selected from white registrants in class one who are physically qualified for general military service PREMIER LOUDON'S COMMENT and according to their order num-

There is nothing about the order first eight in class one. The call of allies and Americans, it was semia few days previous to send cleven officially stated in Berlin today. men to Camp Taylor, Kentucky, althe planting season at least. It is very probable that there are farmers in the first eight as some were passed by when the eleven men were picked to answer the call for the troop movement beginning March 29 and continuing for five days.

"You will be notified in the next "the exact day upon which you are policy as "all but benevolent." to send your quota, so will kindly give no notice to registrants to appear for entrainment until you receive our next letter giving exact date." No date has been set yet for the movement beginning March 29.

The selection board has no official information as to why the registrants are to be sent to Fort Hamilton. The character of the fort is not known here, but it is certain that it is not a cantonment for drafted men else it would be known as a camp instead of a fort, which puts itl in the same class as Fort Ha son. Up to this time with the exception of a few who have been voluntarily inducted, into the service, all drafted men have been sent to Camp Taylor. Arriving there, however, many of them have been transferred to other camps and forts.

"All registrants," says the call today, "will be sent from your division under this call upon the same day. The American Railway association is arranging a schedule and as quickly as completed, you will be notified. One transportation request is sufficient for your entire Quota. One meal ticket for each meal is sufficient for your entire quota: We shall furnish you further information within the next few days."

The local board also received request today to show the exact tion of selected men, in view of the mate, he declared, as a whole it is necessity of proceeding immediately better than the average. Mr. Blackto employ the industrial index for the purpose of allotting calls for men of special occupations," which indicates there will be more calls soon. The local board has completod its classification and awaits the report of the district board on several cases.

on Thrift and War Stamps Wednesday

DRIVE WILL START SALES

Postmaster G. P. Hunt attended

meeting of the postmasters of the district held at the Denison hotel in Indianapolis yesterday when the inreasing of the sales of Thrift Stamps and War Saving Certificates vas discussed. Rush county showed a low mark in comparison with he other counties represented by the postmasters who gave remarkoble reports of their sales. The Wort Wayne postmaster gave a report of \$150,000 worth of stamps sold within the last week. The drive starting here this week, is expected to make a marked increase in the sale of stamps which will continue is long as they are sold by the government. Heads of the drive are calling attention to the fact that it is not for a day or a week but a continuous campaign.

> four o'clock this morning the enemy began bombarding with gas shells The Fleur Baus sector. This hombardment was still under way at six o eloek.

For the last two weeks the front has been growing more feverish. Over 100 raids have been carried. out by both sides while the battle in Postmaster Attends District Meeting the fir never ceases. The Germans have made risky attempts to prevent the allies from flying over their lines.

Americans Conduct Raid

With the American Army France, March 21 American troops in the Luneville sector successfully raided enemy trenches Wednesday afternoon after destroying the German defense in an artillery preparation which shook buildings miles in the rear.

The raid was made at the conclusion of a heavy bombardment by the enemy. French artillery and infanry participated in the attack.

For the first time in history a secretary of war, Wednesday, reviewed American troops on foreign soil. Sec. Baker, Gen. Pershing and tho staff generals stood on the brow of great plateau and saw the regiment of the first division fresh from the trenches march by:

Inden with field equipment the Sammies swung by with a new confidence and vigor. Men from whose ranks were the first to give their aves in America struggle ugainst utoeracy. They withstood raids gas attacks and hardships.

one little **b**oy.

"No. no," replied the same youngster, "it's the day the kaiser killed

very concrete the vital and essentia part in the conduct of the war which the War Sovers have. Every child who saves his pennies and buys Thrift stamps is really driving scores of rivets in the big bridge of ships which is to stretch from America to France, over which the boys are to go to fight for the freedom and democracy of the world.

Certainly if there ever was a giant oak which grew from a little acorn, this is a manifestation of the truth of the statement," declared State Director Joseph D. Oliver, but there's just one thing we want to avoid. I don't like that term Baby Bonds.' It conveys the idea that the War Savings stamps are only for children. I like to think of them as Wage Barners Bonds, Housewives' Bond.

"We can't win the war if we don't get the ships to carry the boy. across. Money derived from this cumpaign is going into buildings that bridge ow ships.

"This is the big proposition we are in, big enough for men and wo men as well as children."

Mistrust Breed Rumors

It is undoubtedly true, as assert ed in a recent plea to editors t check false war rumors, that enon agents bave been busy starting depressing gossip in this country. It is undoubtedly true that such goship has the effect desired by its authors. But it is also true that most of such gossip would make no, progres wintever if the people felt that they could depend absolutely upon the administration at Washington to give them prompt and accurate information concerning things which may properly be made public. Whenever the people of the country can feel, confident that "if it hash" been appounded by the Bureau to Information it isn't true" they wil cease to pay any attention whiteve to idle or malicious rumors. In fortunately the people still have in mind instances in which the giving out of important news was needlessly delayed, and they can not forget the instance in which important news was "claborated." That the cause of the United States has suffered from such a policy is not the fautl of newspapers nor of the people, but of the officials through whom both press and people had a right to expect frank information. Whenever the official publicity buroaus restore themselves in the confidence of the people, the gossip mongers will be out of a job,

The so called "Official Bulletin' s gradually: developing into a genenal newspaper. It was started upon the representation that it was needed as a disseminator of information concerning war affairs. It now publishes the list of decisions handed down by the Supreme court, none of which has any particular bearing upon the war. In the issue of March 4 two pages of fine type were required to publish this information, not one item of which would be of interest or of useful information to more thun a dozen people, 'if, perchance, the item should come to the attention of that dozen.

Grow a war garden, raise your own demonitor, free transportation, sell the surplus, put the proceeds in You Sayings Shaups! Here is a proceed of the sayings Shaups! Here is a proceed of the same of the same

FOUR DEMOCRATS ARE SPRING MAKES **OUT FOR NOMINATIONS**

Donald L. Mull, Thomas E. Conway, Charles C. Brown and George W. Hardesty File Declarations

PRECINCT COMMITTEEMEN

Four candidates for democratic nominations for county offices, at the primary May 7 have filed their declarations in the clerk's office in the weart house. Donald L. Mull of Walker township asks the nomination for treasurer; Thomas Earl Conway of this city, for recorder: Charles C. Brown of this city, for sheriff; George W. Hardesty of Orange township, for commissioner of the southern district. These are the first democratic candidates for county offices to announce.

Up to today twenty-one democrats and twenty republicans have filed declaratons to become candidates for precinct committeemen. There are 31 precincts in the county. There are only four candidates for state convention delegates and all of them are republicans.

Other candidates' filing declarations are: one for prosecuting attor- l ney, republican: three for treasurer. two republicans and one democrat: one for representative, republican: six for township trustee, four repaddicens and two democrats; two for sheriff, one democrat and one republican; one each for assessor and surveyor, both republicans and two for recorder, one democrat and one republican.

and complete. An Assemblage of Garments That Reflects the Prestige and Resources of this House

awaits you. A visit to the New York market has been productive of an infusion of new style ideas and novel conceits that elevate our offerings above the mediocre. Do you not owe it to yourself to familiarize yourself with this showing?

I Foremost among Springtime's offerings are the tailored suits that are youthful, smart and distinctive. Then there are hundreds of attractive coats for afternoon, street, machine or dress wear. The dresses of taffela, georgette, crepe de chene and foulards are exquisite, and no doubt you will wish one. Among the skirts are those fashioned of the new baronet satin—beautifully lustrous.

I Enchanting are the new blouses; bewitching in their gay or subdued colors, and adapted to any use. Our new spring sweaters are receiving a great deal of attention, for they are extremely pretty. Combining the new gliades of lighter turbuous, corn, infantry, rose and nile with angora collars, they are most appealing.

TO TAKE WORRY FROM SOLDIERS

Chapters to Relieve Cases of Hardship And Suffering

A new move by the American Red Cross to co-operate with soldiers and the "folks at home" has been made public from Camp, Zachary Tuylor, Kentucky, where drafted men from this community are-now in training. A. J. Strawson, of the High Cost Of Home Service Burean of the Civilian Relief Department, has opened an office at Camp Zachary Taylor, and his task is to ascertain any cases of distress of families of soldiers, and see that the families are looked af- Garden Implements Have Risen in ter by the Local Red Cross Societies, in order that the family may be comfortable and the soldiers may he relieved of the anxiety and worry about the "folks at home."

Among the things he will undertake is investigation of delays in afforments and allowances, the matter of payments of installments and rents, a fixed amount in the purchase of a home, or in general, whenever any soldier is "up against it," Mr. Crawson will learn of the condition from the soldier and will immedately get in touch with local Red Cross chapters to administer the relief.

That this work is very important is shown by examples of cases which Irave come up. In one case, a soldier's allowance was sent to Louisville, Ky. The Red Cross representative found the soldier worrying and the family in want. He notified the Louisville chapter of the Red Cross for relief, and referred the matter of correcting the address to the nign's company commander.

children, and being anfamiliar with that provision of the law, did not ren. These matters will will be taken up, and every complaint will receive consideration. Where the Red Cross finds an instance of a family tempararily in distress through illness

to tide the family over its troubles. Mr. Strawson is executive secretary of the Indiana Society for the Prevention of Tuberculosis, and has leave of absence during the duration of the war.

While it is the policy of the government, through allowances and allorments, to see that the dependents of soldiers are properly cared for, yet it has happened in many cases through an error in giving addresses, making allotments, or understanding to whom the allotments could be made, some of the depend-

ents of soldiers have suffered. A General Order of the Was Department issued about the middle of February, provides that one Red

Living Strikes War Gardener

Price Along With Everything Else -Young Feminine Gardeners May be Forced to Use Fewer Tools and Thus Save For Pretty Costumes.

While seeking garden implements preparatory to the launching of spring garden work gardeners have found they have advanced considerably in price and many Rushville young women who are planning to "do their bit" as a home gardener this summer are cheerfully buying second hand and fewer tools and buving more attractive garden cos-

Already the dry goods stores are flooded with young women looking around for suitable material for the making of attractive smocks, and garden hats and after making these purchases there is very little left with which to buy tools and any little addition to the cost is burden-

However, a practical soul has pointed out that only three tools are In another incident, a soldier last absolutely necessary anyways—dig-June married a woman with two ging forks, a rake and a hoe-and myny of these may be purchased second hand. Two stakes and an allowance for the stepchild string will serve as a substitute for a garden line needed to mark out a row and the end of a rake or hoe handle will serve as a marker so with a clear conscience the young feminine gardeners of the city conor other mishap, it will make a loan, tine their purchase of dainty gardening costumes.

> Cross representative be located in each camp," said Mr. Strawson. These representatives are at the services of the men at all times, and may be consulted direct or through officers. No matter where the man lives, we will immediately get in touch with the local chapter of the Red Gross, and see that the proper relief is given."

Mr. Strawson said that there already been some activity along this line at Camp Taylor, slightly over five hundred cases having been handled. These were mostly requests received at camp headquarters for discharge of men on account of dependent relatives. The work-will be enlarged, however, so that the Red Cross organization can get in touch with all cases which need attention. When the facts in the case are reported to Mr. Strawson, they are burned over to the Red Cross chapter in the community in which the man belongs, which takes the case in hand and sees that the proper relief is given so that the soldier will not have to worry about the "folks at home," but can rest as-sured that they will be taken care of omfortably.

The work of the American Rec Cross along this line was strikingly shown in France. The morale of a couple of divisions of Gen. Petain's army had been affected by reports from the home folks of crop failures r other disturbing incidents. The Red Cross took, the matter up. I sent men to the relief of these di pendents, with money, food clothing. The action tso promptly taken, won the admiration and respec tif the sturdy "poilus," who imine distely returned to their work with redoubled energy, and disployeds a temper for the fight that was even stronger than thad been the case be-fore the troubles arose

AN EGGESS FASTER AWAITS YOUNGSTERS ‡

Bush County Younger Set Willing to iacrifice Easter Eggs This

START PLAN TO SAVE EGGS

Young America is willing to rifice even Easter eggs if it will help feed Uncle Sam's soldiers and win the war. Yesterday morning a young lady endeavoring to make conversation just to hear little 3 year-old George Davis, Jr., talk, said to him, "Well, are you going to have it lot of prefty Easter eggs this year?" Sternly he said "No." When asked "Why," he said, "Oh, on assume of the Germans." "But, why on assequent of the German." "Well, just, because," he insisted, "just becauseon account of the Germans."

Evidently the youngster had heard of the nation-wide movement to save 60,000,000 eggs by having an "eggless Easter." The movement has been started by Mrs Herbert Hoover, Mrs. Newton D. Baker, Mrs. Medill McCormick and Mrs. P. P. Crixton of Washington and other prominent women.

WANT ADS BRING RESULTS

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid linees.

Sanitary science has of late made rapid strides with results that are of unitally blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanita-tion of the drainage system of the hu-man body as it is to the drains of the

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, loul tongue, nasty breath, acid stomach, can, instead feel as fresh as a daisy by opening the shites of the sys-tem each morning and intelling out the whole of the internal poisonous sing-nant matter.

whole of the internal poiseness say, and matter.

Everyone, whether alling, sick or well, should each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomeway in the story and howels the metidus phosphate in t to wash from the stim-sch, liver and bowels the previous day's indigestible waste, sour bile, and poisonous forins; thus describing, sweetening and purifying the entire alimentary canal before putting more food into the stemach. The action of hot water and limestone phosphate on an empty stomach is wonderfully in-vigorating. It cleans out all the sour vigorating. It cleans out all the sour fermentations, gases, waste and acidity fermentations, gases, waste and actidity and gives one a splendid appetite for breakfast. While, you are enjoying your breakfast the phosphated hot water is quietly extracting a large of water from the blood and getting ready for a thorough flushing of all the limide organs.

stomach trouble, rheumatic stiffness; others who bave sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficrank on the subject of internal san

SPRING IS NICE, BUT-

Between seasons is the time that many persons suffer from deranged digestion. Lack of fresh vegetable food and interrupted, changing habits make these trying weeks, for any one inclined to constipation. Mrs. Jennie Miner, Davidson, Ind., writes: "I can truthfully say Foley Cathartic Tablets are the best I ever have used. They are so mild in action. I feel like I have been renovated and The deception continues, aided by made over again." Just the thing circumstances, until he learns that for for indigestion, biliousness, gas Sally is really the daughter of the on stomach, furred tongue, headache, American Consul at Mandura or other condition indicating clogged

Something Doing In Rushville

Mr. G. A. Metzger, representing the LUTHER GRINDER MFG. CO., of Milwaukee, Wisconsin, is holding a special sale and demonstration of tool sharpeners, at A. GUNN HAYDON'S HARDWARE STORE all this week. The way they were advertised on the street Monday they sure must be some grinders. Metzger invites to people to bring in their dull knives and scissors which will be sharpened free of charge.

No Sharpening Done for Children or Servants.

Come Early and Avoid the Rush.

The Anker-Holth Cream Separator

is the only Separator on the market that has a SELF BALANCING BOWL and has no lead or soft solder on the inside in order to perfect a BALANCE, which you will find in other makes of Separators. The bowl is guaranteed to stay in balance the life of the machine. The Bowl is Selfdraining which makes it non-freezing in cold weather. It is easy to thin and easy to clean, and can be washed in one-half the time you can wash any other Separator.

I The Anker-Holth has no oil holes or feed cups. It is oiled by an up to date oil system; you only put oil in every 60 or 90 days. The ANKER-HOLTH will skim closer than any other Separator on the market today, which has been proven by tests with other leading Separators and tested by the Babcock cream tester. It is the only Separator with a dirt chamber that removes all impurities from the whole milk before it enters the discs for cream separation.

The Anker - Holth is a High-grade Separator at a Medium Price. Call and See the Separator and Get Our Prices.

Food From Your Back Yard

HOME GARDEN PLAN SAVES TIMÊ, MONEY AND LABOR FOR GARDENER

PLAN AND PREPARE Prepare to do your part in

increasing America's food supply by raising your own vegetables in your home garden.

Plan your garden on paper. Map out your campaign. You will profit through time, labor and money saved.

Planning is preparing.

Plan your home garden in advance. Make a diagram of the available space; allot the ground to the vegetables you want to grow. Prepare to make your garden work until frost next fall. That is advice to home gardeners by horticulturists of the U. S. Department of Agricul-

Do your planning around the winter lamp. Interest in it all members of the family, especially the children who, by being given a partnership now, will know their duties when the time comes. Read such gardening publications as are available. Write to the Department of Agriculture for a home gardening

In making a diagram of the garden it is well to use tough paper, such as heavy wrapping paper, which will stand repeated handling out of doors. A fairly large scale should be adopted so that full notes can be kept in the spaces representing rows. If the garden is fairly. large or abnormally long the diagram may be made in separate sections for the sake of convenience.

Plan For Home Needs.

A typical plan of this character is shown in the illustration. This plant of course, is of use chiefly as an example, and in most cases a different arrangement will be necessary to meet the conditions surrounding individual garden spaces. On the plan the gardener may indicate the approximate date when each of his projected crops is to be planted. No the third crop. Spinach is also plantmore space should be allotted to ed as soon as the bulb onions from the each than is needed to furnish a sufficient quantity of the vegetable for family consumption or for other known needs.

Make the garden work all summer. Make your plans so that when one crop is ready for the table or for and lettuce have been gathered. canning another vegetable can be but it is quite possible to grow two or three crops of some vegetables in one season.

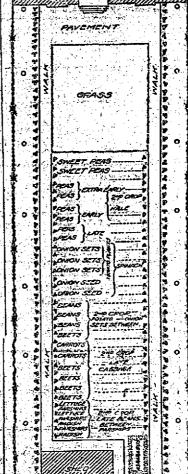

A primary consideration in arranging the garden is the kind of cultiation to be employed. Where the work is to be done mainly by means of horse drawn tools the arrangement should be such as to give the longest possible rows and a straight officine should be followed. The garden should be free from paths across the rows and turning spaces should be provided at the ends. For hand, cultivation; (the method that probably will be used by most home gardeners) the airange-ment can be quite different as the garden may be laid out in sections with transverse walks and the rows can be much closer for most crops.

Remember Early Vegetables.

It is also important to consider the

location of permanent crops such as asparagus and thubarb. If ja

Plan For a Small Garden

DOLANATION

In this plan all the vegetables named are planted in rows across from the inside lateral rows of strawberries. As rapidly as each kind of peas matures and the crop is over, kale is planted in its place. The ground to be used for tomatoes is first planted with onion sets, and these onions are used as rapidly as needed. When the time comes to set out the tomatoes, some of the onions are dug to make space for the tomato plants. When the tomato crop is over the ground is occupied by spinach as side are gathered. The beans, carrots, and peas are succeeded by late cabbage, and between the rows of late cabbage "potato-onion" sets are planted. Late beans are planted between the rows of parsnips after the radishes

Such crops as celery, onions and late guick, warm soil.

Points To Consider.

your garden: advantage to have protection on the north and northeast by either a hill, a group of trees or hedge, buildings, i tight board fence or a stone wall to break the force of the wind.
The land should have sufficient drainage for surplus water to run off during heavy, rains, but the fall should not be so great that the soil will be washed. Fill up loles in which water will accumulate. Avoid creek or stream liable

THE BULL DOG BEATER WHEEL

This bull-dog wheel is all that its name implies. It is one of the foundations on which the Litchfield Spreader Line fairly stands

This beater wheel is entirely unlike the ones used on all other machines in the world. The manufacturers claim THIS ONE PATENTED FEATURE to be worth more to any spreader than all the best features combined, which are controlled by all other competing machines.

This is the only beater wheel used on manure spreaders that CANNOT BE CLOGGED by any kind of material that is ordinarily used in a spreader. The principle is unique and different from everything else. It operates on the plan of one set, of teeth working ahead of another set. What one set of teeth fail to get the office ser takes good care of. Come in and see it and we will explain all the details.

It does the work that TWO beater wheels would do if it were possible for two wheels to operate on the SAME SHAFT and in the SAME SPACE, one working an inch and a half deeper in the load all the time, than the other. Owing to its peculiar construction, it TAKES CARE of the material as it comes from the box, tears it into pieces and distributes it with uniformity and WITH-OUT PACKING OR CLOGGING.

The whole secret is the peculiar makeup of the diamond pointed LONG and SHORT teeth which are so arranged that no material gets by them and drags on the bars that hold the teeth. This beater wheel is light running, flexible and all steel. Our owners tell us that the power it requires to do its work is almost neuligible.

ANXIOUS TO GO ACROSS

In order to quiet the rumors pre railing that soldiers must purchase the knitted articles which they receive from the Red Cross department, Mrs. C. B. Webb of this counby placed her name and address in a pair of socks she had knit, asking FRANK GARDNER IS the soldier who received the articles to tell her if it was necessary for him to purchase them.

The answer came a few days ago from Anthony Kopher who as a Writes Local Board to Tell Drafted member of Battery E, 3rd field artillery is stationed at Camp Mc-Clean, Chattanooga, Tenn. young soldier stated that the soldiers paid for nothing which they received from the Red Cross and that during the bitter winter which has just closed the warm knitted arficles which the members of the American Red Cross prepared for the thousands of soldiers saved of the class one registrants recent many of the boys from freezing ly inducted into the ordnance corps parts of their body.

He closed his letter with the usual remark of "would-be Sammies" that first taste of army life, that he is he had no idea when they would go fairly bubbling over with it. eress but hoped it would be soon.

GIVES CLOTHES FROM A MERCHANT'S STOCK

Mrs. William G. Mulno Contributes Men's and Boy's Wearing Apparel to Red Cross

URGED TO GIVE SOMETHING

Mrs. William Malno set a good example for merchants of the city yesterday by contributing a large basketful of men's and boy's clothing to the Red Cross to be sent to the war ridden districts of France and Belgium with other contributions that are being made all over the country this week. The clothing had been given by Mr. Mulno from his clothing store and although it was perfectly good and had never been worn, it was old stock and would sell only at a great reduction. The contribution included hats, socks, underwear, suits and men's clothing of all kinds.

Persons having garments to contribute that they can not take to the recorder's office at the court house are asked to call the office, number 1388, and leave their address. A Boy Scout will call for the garments on Friday or Saturday.

WIN 25 WAR CROSSES

American Army in France, March 20.-American troops of the new England division stationed in the food administrator and at his re-Chemin Des Dames sector have won 25 French war crosses. The censor permitted this fact to be unnounced

CASCARA DUININE

PLEASED WITH ARM

Men to Look Forward to it as a Privilege

NOTHING ABOUT IT TO DREAD

"Dec-lighted" — just as T. R. would say it, is the tone of a letter received by the county army selection board from Frank Gardner, one who, is now at Fort Screven, Georgier. He is so well pleased with his

"You can show this letter to the drafted men," he writes. "Tell them il have met some of the finest men l ever knew. I see a good fime and there is positively no difference between the volunteer and the drufted man. All these stories about bad treatment and so many dying from neglect are lies. Tell the boys if they have to go not to dread it but too look forward to it as a privilege, for such it is."

He says that they did not have more than a thirty-minute wait any place on the trip down and that they have good "eats," good clothes and a good place to sleep.

SCHOOL BOYS PASS FOOD PAMPHLETS

They Contain Valuable Receipts for Making Bread from Wheat Substitutes

SENT HERE BY DR. BARNARD

Pamphlets containing valuable reeipts for the waking of bread from wheat substitutes, and for baked dished which contain wholesome food-food which our allies do not need, are being distributed through the city by school boys under the direction of Mrs. A. L. Stewart.

The small booklets and the other papers which go with them containing interesting war data have been sent out by Harry Barnard, state quest they are being placed in every home in the city as the result of the ready co-operation of the school

MAY PROBE TUSCANIA CASE

Charges State That Transport Was Abandoned by Crew

(By United Press.)

Washington, March 20. A conressional probe of the conduct of the crew of the Tusconia was asked in a resolution introduced in the house today by "Representative Steenerson of Minnesota.

The investigation was asked as the result of charges that the transport was abandoned by the crev without trying to save the soldier and that as a result of the conduct if the crew 143 were lost;

PATRIOTIC USE

Business Man Receives One from Salesman Enclosing Card with A Thrift Stamp

ASKED TO FILL IT IN STAMPS

He is Then Urged to Send Five Cards Each with Thrift Stamp to Headquarters

A patriotic use of the greatly abused chain letter has been found by Rushville persons who have re cently received a new type of chair letter. In each of them is enclosed n Thrift Stamp card, bearing one Thrift stamp. The idea of putting a personal plea behind the purchas ing of Thrift stamps is expected to give the sale to substantial boost. The plan for increasing the sale of stamps by means of these letters is presented in the following letter repeived by a local dealer from a trav pling man which visits him frequent-

Friend John:-

Most chain letters are among the things which we feel obliged to read and not infrequently "pass This is not because the chain letter is bad, but because it has been abus head of the educational jubilee comed. Used rightly, this chain letter will make a mighty link of loyalty.

Enclosed is a Government thrift stamp card with the first stamp in place. Buy the stamps to fill it out for yourself, firm and right in your conviction that this chain letter will grow to be of powerful use to Uncle Sam. Then go to the postoffice: buy 25c thrift stamps and ask for five cards. Put one stamp on each thrift card and fill out the blanks with the names of five of your friends. Write them each a letter on your own stationery. Send your list of names to the war savings committee, No. 51 Chambers Street, New York City.

Let's get action on this promptly Here is a way:we can help:our Gov ernment, our friends and ourselves.

Is Back With **New Treatment**

Fully Convinced Now About New Rheumatic Treatment-Pains 177 Are Almost Entirely Gone

Robert Malcolm, 8, of 1317 Walnut street, Cincinnation O., the man who told several days ago what Tanke Rheumatism Treatment had don for him in three days has kept taking the treatment since and is now fully convinced of the new treatment's merit.

"This Tanke Rheumatism Treatent with its radium, is the best medicine for rheumatism, I ever tried in my life and I've tried lots of them, too," said Mr. Malcolm.

"I expect there were some folks who were a bit skeptical when I told a while back of the good Tanlac Rheumatism Treatment had done for me in just three days. They didn't think a medicine could help a person so quickly and neither did. I until I started taking this medicine.

"The pains I used to have in my knees and the caives of my legs are almost entirely gone now. They used climb up the two flights of stairs to my flat but that's easy for me now.

"I hope my statement will cause others to try Tanlac Rheumatism Treatment that's why I'm giving this statement. I know I'd want somebody to tell me if they knew of a medicine that would really help he staged in the Graham Annex aurhenmatism."

Get Tanlac Rheumatism Treatent today and get a real medicine for theamatism. You can get Tanlac Rheumatism Treatment at any good drug store where you get Tanlac, the famous fonic (Adv.)

Thornton 3523 W. 10th St., Little Rock, Ark. writes: "My little boy had a severe attack of croup and I honestly believe he would have died if it had not been for Foley's Honey and Tar. Iwo doses relieved him. I would not be without it at any price." F. B. Johnson. (Adv.)

MINISTERS OF TWO DISTRICTS TO MEET

Methodist Pastors Will Discuss Campaign to Raise Million to Move Meores Hill

THE FUND IS \$150,000 SHORT

Ministers of Methodist church es of the Moores Hill and Conners ville districts will gather at the St Paul's M. E. church in this city to morrow to have important matters presented to them by Dr. C. E. Bacon superintendent of the Conners ville district of which the local charch is a part, and Dt. J. W. Hancher of New York City, head of the mission of the church and one of the nost important men in Methodism.

The matters to be brought up wil be relative to the recent campaign to raise one million dollars to move the site of Moores Hill college from Moores Hill to Evansville. The fund is \$150,000 short at the present time. All of the ministers of the Connersville district are invited as well as many from the Moores Hill district. Those of the former district will complete plans for the picnic for ministers; and their families to be held at the Rush county fair grounds in the near future. A program for the morning and afternoon will be arranged.

GOES TO SCHOOL OF FIRE

Lieut. A. H. Blacklidge to Receive Instructions at Fort Sill

Lieut. Allen H. Blicklidge of Battery A, 139th field artillery at Camp Shelby, Miss., has gone to Fort Sill Olda, to attend the school of fire He was accompanied by Lieut. L. B Hershey of the 137th field artillery, according to displatches from Camp with old Company B., the men from which were transferred to Battery A and the headquarters company of the 139th. Capt. Kiplinger of the headquarters company has received instruction at the school of fire.
